Total Meeting Rooms: **1**

Meeting Capacity (max): **90**

Central Deborah Gold Mine is an authentic gold mine from one of the world's most exciting gold rushes.

Beneath the ground a unique space within the mine is now a fantastic Underground Function Room. It is the only underground mine conference venue available for hire in Australia and offers visitors a genuine experience underground, with the option of enjoying a pre-conference or post-conference underground mine tour as part of the package.

The Underground Function Room has hosted numerous and varied events over the years, ranging from business conferences and AGMs to weddings and 21st birthday parties.

Although the venue offers basic audiovisual equipment, furniture and décor as part of the hire cost, the team at Central Deborah are eager to tailor a package (including catering) to your specific needs.
